MORE BACKUP
FOR LONG POWERCUTS

Models: UPS JMSW 5.7KVA/72V

SALIENT FEATURES

- ▶ DSC/High state-of-the-art PWM technology with Pure Sinewave Output.
- ▶ IMBM (Intelligent Multistage Battery Management) based PWM controlled charging, also Controls Battery Temperature.
- ▶ Generator Compatible.
- ▶ PLPO - Peak Load Peak Output, ensures High Peak Load Handling Capacity.
- ▶ Safely suited to run Computers and other IT applications.
- ▶ In-built Multiple Protections, like Overload, Short-Circuit, Battery Low, Reverse Phase & Reverse Battery.

TECHNICAL SPECIFICATIONS

Model No.	: UPS JMSW 5.7KVA/72V
Battery	: 6 Battery System
Waveform	: Pure SINEWAVE
Input AC Range	: STANDARD : 120V~275VAC NARROW : 180V~260V AC
Efficiency	: >80%
Protections	: Overload : 110% of the Rated Capacity Short-Ckt.: 300% of the Rated Capacity
Charger Current	: 10% of the Rated Battery AH
